

Stretton Grandison Group Parish Council
Training and Development Policy – Adopted 14th May 2018;
Reviewed 13th May 2019

1. Introduction

The Parish Council is committed to ensuring its councillors and staff are trained to the highest standard and kept up to date with all new legislation. To support this, funds are allocated to a training budget each year to enable staff and councillors to attend training and conferences relevant to their office. Prospective councillors and applicants for the post of Clerk should be made aware of the content of this policy and the expectations placed upon them.

In this document training and development are defined as follows:

- **Training** is a form of development which specifically addresses the acquisition and development of new knowledge and skills, or fills gaps in existing knowledge and skills, both of which are required for adequate performance in the workplace (i.e. parish council).
- **Development** is a short-form for people development, which can involve a wide range of learning activities (including training) all of which are aimed at improving and sustaining workplace performance in terms of knowledge, skills and behaviours.

2. Policy Statement

The Parish Council is committed to ensure that it continues to fulfil its duties and responsibilities to residents professionally. To that end the Council's intention is that councillors, the Clerk and volunteers are suitably equipped with knowledge and skills to carry out their roles and maintain effective working practices. The Council will procure or provide such training and development opportunities as it deems necessary and relevant.
